## Science Subject Leader Network

---

Do you have a passion and a commitment to raise the profile of science in your school? Do you have a role in leading science across the infant, junior or primary school? If so the Science subject leader network will provide you with the opportunity to:

- Keep up to date with new initiatives in science education,
- share ideas and good practice with other science subject leaders,
- reflect on what is already going on in your school and find ways of moving your school forward.

Whole day sessions will take place, once every term and will build on a programme from previous years, however newcomers are welcome.

The network sessions will focus on how to capture what children can do in science and developing an evidence base, including:

- Practical activities for developing working scientifically;
- Developing knowledge of expectations and progression;
- Developing a school portfolio for skills exemplification;
- Practical support to achieve the PSQM Award
- Developing a school portfolio for knowledge exemplification
- Science week ideas
- Moderation and standardisation;
- Raising the profile of science in your school;
- Assessment opportunities;
- Selecting and managing resources including new technologies
